

INTERESTED IN RECEIVING OUR PROGRAM DIGITALLY?

We DO sell our program digitally to school boards wanting to do multiple licenses, however, we no longer have a Digital Store.

There are some benefits to buying digitally. Digital licenses for schools are sold at 25% off the print price of our program. (Minimum purchase 10.) As well, our digital files can be delivered within a few days of purchase.

Some items, including the Phonogram Deck and our Tracing sheets for handwriting cannot be sold digitally and must be purchased in print.
